Fresh Air Duct (UVC Emitter Installation Layout)  
鮮風喉(UVC發射器安裝設置)

Packing Room (Germicidal Air Sterilizer installation layout)  
包裝室(殺菌空氣消毒機安裝設置)

Conveying lines, packaging containers, filling stations, cooling and drying areas, HVAC and refrigeration systems, storage rooms.  
輸送線, 包裝容器, 灌裝站, 冷卻和乾燥區, 暖通空調和製冷系統, 儲藏室。

Enhances food safety through control of mold, bacteria and viruses.  
通過黴菌, 細菌和病毒的控制提高食品安全。  
Extends shelf life and improves production yields.  
延長保質期, 提高生產產量。

Our experiences have shown us repeatedly that UVC enhances indoor air quality and infection control, while saving on maintenance labor, materials and downtime.
